HCA TEACHERS LOVE TEACHING YOUR KIDS

	SAVANAH DYKSTRA 2ND GRADE	MAEGEN KRUEGER 3RD/4TH GRADE	KADIE COSBY 5TH/6THGRADE	LANDEN RIEKKOLA HIGH SCHOOL
What is your favorite thing about teaching?	One of my favorite things is when students have struggled with something and they finally get it. The look on their face is priceless!	My favorite thing about teaching is developing a relationship with the kids and watching them learn and grow into who God has called them to be.	I absolutely love the kids and teaching them new things. I love getting to know them and their personalities.	One of my favorite things is building relationships with the students.
What do you feel is your biggest win so far this year?	My biggest win is having multiplication be everyone's favorite subject.	My biggest win is balancing two different grades at one time-with help ,of course!	Teaching a combined class of 5th & 6th was a real challenge at first, but the kids have embraced it and we have gotten into a routine.	My biggest win is Surviving :-) I am really thankful for the kids I get to be around daily and building a relationship with each of them.
What are some areas that your students have flourished in this year?	We flourished at Co-writing our book with the kindergartners. It was a lot of hard work and they really helped the little kids.	My students flourished at being a team in and out of the classroom.	The 5th graders have stepped up and are doing mostly 6th grade work this year. They are handling it really well.	My students have flourished at turning in assignments, being kind, and are always willing to help.
What is an experience that your students have really enjoyed this year?	They all love our New Bible Curriculum "Deep Roots".	They enjoy any time they get to leave school grounds. The pumpkin patch in Cove and the Oregon Trail Interpretive Center were great get aways.	We went sledding and all of the kids thoroughly enjoyed the day.	The students like anything that involves leaving the school.
Any other stories or comments?	This class is full of amazing kiddos who all love and respect their classmates. We are having an amazing year.	We are truly blessed to get to be pouring into these students every day. Sometimes the pouring in is fun and comes easy, but other days it's the "tough love" approach. We are blessed to get to do both here at HCA.	Teaching these amazing kids at Harvest Academy has blessed my life in so many ways. I am so grateful for this opportunity and ministry.	I am so thankful God called me to be here this year. Some days have been challenging but it's been the most fulfilling "job" I've every had.
